

The Eden SDA School

Accessibility Plan

Purpose:	
Approval Body:	Board of Governors
SLT Lead Person:	Mr Akwasi Agyemang
Lead Governor for Policy:	Mrs Laura Osei
Date of Approval:	March
Last Review Date:	March 2019
Proposed reviewed Date:	March 2020

The Eden SDA School School Accessibility Plan – 2018 to 2020

1. Vision Statement
2. Aims and Objectives
3. Access Audit
4. Management, coordination and implementation
5. Action Plan

1. Vision Statement:

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- He or she has a physical or mental impairment, and
- The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Head.

At The Eden SDA School we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

- 1) The The Eden SDA School Accessibility Plan has been developed and drawn up based upon information supplied by the Local Authority, and consultations with pupils, parents, staff and governors of the school. Other, outside agencies and specialists have also been consulted. The document will be used to advise other school planning documents and policies and will be reported upon annually in respect of progress and outcomes. The intention is to provide a projected plan for a three-year period ahead of the next review date.
- 2) The Accessibility Plan is structured to complement and support the school’s Equality Objectives, and will similarly be published on the school website.
- 3) The Eden SDA School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are

committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

4) The The Eden SDA School Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable. The Accessibility Plan contains relevant and timely actions to:-

- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

5) The The Eden SDA School Accessibility Plan relates to the key aspects of physical environment, curriculum and written information.

6) Whole school training will recognize the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

7) The Accessibility Plan for physical accessibility relates to the Access Audit of the School, which remains the responsibility of the governing body. It may not be feasible to undertake all of the works during the life of this accessibility plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.

8) Equality Impact Assessments will be undertaken as and when school policies are reviewed. The terms of reference for all governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

9) The Accessibility Plan will be published on the school website.

10) The Accessibility Plan will be monitored through the Governor Finance and Premises Committee .

2. Aims and Objectives

Our Aims are:

- Increase access to the curriculum for pupils with a disability,
- Improve and maintain access to the physical environment
- Improve the delivery of written information to pupils,

Our objectives are detailed in the Action Plan below

At The Eden SDA School we are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children matter. The Eden SDA School promotes the individuality of all our children, irrespective of ethnicity, attainment, age, disability, gender or background.

Our school aims to be an inclusive school. We actively seek to remove the barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils. This means that equality of opportunity must be a reality for our children:

- girls and boys;

- . minority ethnic and faith groups;
- children who need support to learn English as an additional language;
- . children with special educational needs;
- . gifted and talented children;
- . children who are vulnerable;
- .

We acknowledge that there may be times when this is impossible or inappropriate, despite our wishes or best efforts.

Information from pupil data and school audit

We have had, and are expecting a whole range of children of all backgrounds, needs and abilities including:

- . diabetes
- asthma
- . eczema
- . hearing impairment
- ADHD
- . Allergies
- . Heart problems
- Eating disorders
- . Long-term illnesses
- .

We collect information from the Early Years settings, so that we are prepared for children when they arrive in school. We liaise with parents and professionals involved with the children to ensure we provide the right care for their needs.

3. Access Audit

The school site consists of a one-storey building that consists of a large main hall with open plan classrooms running alongside the hall. There are 4 open plan classrooms on one side of the hall and one large classroom on the opposite side. There are three access points from outside. The EYFS area is at the rear of the hall to the left along the corridor. The medical room is to the right of and through the corridor and to the left is the Inclusions room. To the right runs the Primary Department with all their classrooms accessible from the corridor. There is one disabled access toilet on the ground floor.

The Administration offices are at the front of the hall through the foyer all on one floor and all areas are accessed via the foyer to this building and a disabled toilet in this building.

The school has internal emergency signage and escape routes are clearly marked, this includes refuge areas for wheelchair users.

4. Management, coordination and implementation

- We will consult with experts when new situations regarding pupils with disabilities are experienced.
- The Governors and Senior Leadership Team will work closely with the Local Authority and our Head Office and Disability and Diversity Director.

The main priorities in the school's plan

We take advice on support needed for children with disabilities and work with experts to ensure they have the support necessary to fully include them in the life of the school.

The action plan ensures that:

- The school draws on the expertise of external agencies to provide specialist advice and support.

- The SENCO has an overview of the needs of disabled pupils.
- There are high expectations.
- There is appropriate deployment and training of learning support staff.
- Successful practice is shared within the school.
- The school works with partner schools if appropriate.
- Disabled pupils have access to extra-curricular activities.
